ELIXIR Communities Future Focus Group

Why

- The Communities portfolio has been growing
- Budget constraints raise sustainability questions
- The position of Communities to Platforms and the Scientific Programme/priority areas needs re-evaluation

Scope

- Assess current ELIXIR Communities - individually and as a portfolio
- Gain an understanding of the status quo:
  - Community's purpose, mission and vision
  - Proposal on the role and remit of ELIXIR Communities
- Consider and revisit operational processes
  - Community life-cycle
  - Community co-lead assignment/election
  - Face-to-Face event organisation
  - Overall support and others.
- Include suggestions for a review of current Communities
- Strategy moving towards the subsequent ELIXIR Scientific Programme starting in 2029

Timeline & next steps

- February 2025
  - Announcement
- April 2025
  - Kick-off workshop
- May 2025: Heads of Nodes
  - Presentation and discussion
- 2025 All Hands Meeting
  - Poster
- Q3/Q4 2025
  - Community survey
  - Assessment of results
- Continuous engagement
  - With FG members
  - With key stakeholders
- June 2026: Scientific Programme mid-term review:
  - Suggestion of the path forward for ELIXIR Communities
- December 2026
  - Final report - Communities purpose, mision, vision going forward

There is a need to assess the current ELIXIR Communities portfolio and define their purpose, as well as the associated mission and vision statement.

Your thoughts on the future of ELIXIR Communities!

Please share your input: directly on this poster - via the document provided using the QR code or directly approaching the co-leads.

Questions you might want to ask yourself:

- What does your ideal Community look like?
- What are you benefiting from as a Community member/co-lead/Node member?
- What are you missing as a Community member/co-lead/Node member?
