Empowering Women in ELIXIR - The ELEAD Mentoring Programme

ELIXIR All Hands , 10-12 June 2024, Uppsala, Sweden

The ELEAD Pilot: The "B4W - ELIXIR Leadership and Diversity Mentoring Programme (ELEAD)" aims to empower women in ELIXIR middle management to become mindful leaders and support their career growth. As of December 2022, leadership in ELIXIR is predominantly male, with men holding 78% of Head of Node (HoN) and approximately 75% of Deputy Head of Node (DHoN) positions. ELEAD will achieve its objectives by establishing a mentoring program that pairs middle management mentees with senior mentors from ELIXIR and its extended network, creating a peer-mentoring group among ELIXIR middle management, and offering professional training and guidance in key leadership skills.
