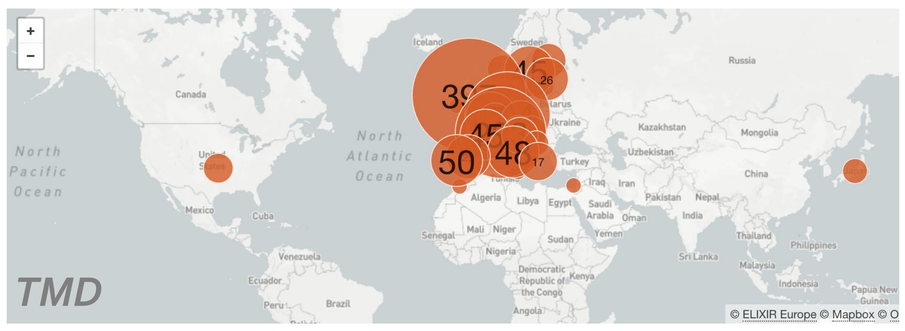
The ELIXIR Training Platform

ELIXIR All Hands 2023, 5-8 June, Dublin, Ireland

By 2028, the ELIXIR Training Infrastructure will be a recognised and trusted life science training foundation across Europe, offering essential training resources to empower researchers to find, share and receive training on Life Sciences, thus growing bioinformatics capacity and competence in Europe.

The TrP output/work/activities



- FAIR training material
- Train the Trainer
- Lesson template
- TeSS for material

Designing learning materials
Train-the-trainer
TeSS
GitHub

01 Designing learning material

02 Learning pathways

- Professional guidelines
- TeSS Learning Pathways
- FAIR material

Learning pathways
TeSS

03 Delivery of course

- Trainers network
- Code of Conduct
- Short and long term feedback
- Certification
- TeSS for course

Delivery of courses
Training Resource Certification
Training Metrics Database - TMD
Training Handbook
TeSS

04 Impact assessment

- Review impact (TMD)

Impact assessment
Training Metrics Database - TMC

05 Feedback to the process

- Improve the Handbook
- Lessons learned
- Best practices

Feedback to the process
Training Handbook

- Activities

Service/Product

The Training Platform and its supported trainings:

- > 40,000 participants from all backgrounds and levels.
- > 6,000 trainers involved, exchanging knowledge
- Close to 2,000 training events

The **ELIXIR TrP works** in a larger context - it is embedded in a larger network

+ Universities from more than 60 countries

Training Platform Objectives 2024-28 Scientific Programme

WHERE	Establish a federated Training Platform infrastructure, by integrating technical services and resources	INFRASTRUCTURE
WHAT	Build training capacity and skills in the data life cycle of bioinformatics and life science	KNOWLEDGE
HOW	Promote standards and best practices for open science education, aligning with EOSC and other global initiatives	STANDARDS
WHO	Create an "ELIXIR Training Platform member" identity, to tailor activities to requirements	PEOPLE

Interplay and synergies across all objectives

Name: Training Platform Coordination team
